OUR MISSION

To provide our clients what they need to safely and successfully achieve their goals.

Inter-Mountain Safety & Rescue, LLC is a dynamic service provider to clients of all sizes, covering all industries.

Every business that exists today has safety related regulatory requirements that they must comply with.

We do not provide regulatory enforcement; instead, we work with our clients to actively identify and fill gaps in their safety programs and/or staffing to allow them to safely and successfully complete their projects.

We are only successful when our clients are successful!
